Adagio Water Features

SPECIFICATION SHEET
Hand-made in the USA

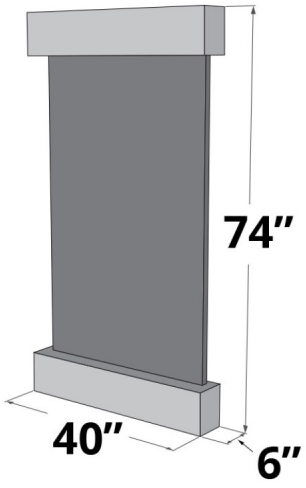

SUMMIT FALLS

Wall-Mounted Water Feature · Indoor / Outdoor

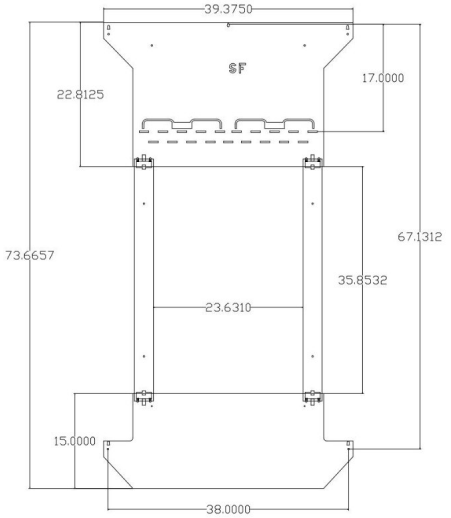

Adagio's largest vertical wall fountain, the Summit Falls makes a dramatic statement with a single tall surface, square or round corners and a 3-way pull chain. It hangs on an **EZ-install bracket** and needs only one outlet.

Round corners shown with Rustic Copper trim and Featherstone

Overall dimensions (SFS / SFR)

Wall bracket layout (dimensions shown)

Individual stone selection

Countertop water distiller

On/off remote control

Outdoor Hood Cover: shields the top from weather

Computerized Auto-Fill with gravity drain

Etched logo: one or more colors

Upgraded pebbles (Black, White, Striped)

WATER & CARE

- Distilled water recommended; filtered water also works well
- Never use salt-softened water
- Top off regularly, or add the Auto-Fill
- Wire the outlet to a wall switch for easy on/off

OUTDOOR USE

- Rated for indoor and outdoor use; mount on a covered wall, such as a porch or under an awning
- Add the Outdoor Hood Cover to shield the top from rain and debris
- Before freezing weather, drain and dry; never add antifreeze
- GFCI-protect the circuit at the breaker or an upstream outlet, not with an outlet behind the feature (hard to reset)
