TRANQUIL RIVER

Freestanding Floor Water Feature · Indoor / Outdoor

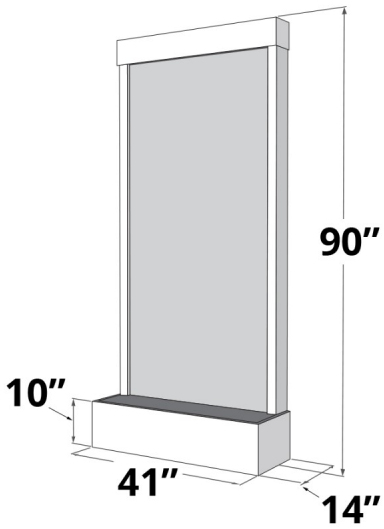

A tall, mid-size freestanding water feature, the Tranquil River is fully self-contained and available in two styles: **Center mount**, viewed from front and back (ideal for open spaces), and **Flush mount**, designed to stand against a wall.

Flush mount shown with Rustic Copper trim and Green Rainforest Marble

Center mount (TRC): surface centered in the tray

Flush mount (TRF): surface set toward the rear of the tray

Wall Attach Bracket (flush mount only)

Gravity drain

Individual stone selection

Vinyl logo (glass or mirror only)

Countertop water distiller

WATER & CARE

- Distilled water recommended; filtered water also works well
- Never use salt-softened water
- Top off once or twice a week, or add the Auto-Fill
- Natural stone is sealed at the factory; reseal every 3–5 years

OUTDOOR USE

- Rated for indoor and outdoor use; a covered spot is best
- Add the Outdoor Hood Cover, plus Wind Straps or the Wall Bracket
- Before freezing weather, drain and dry; never add antifreeze
- GFCI-protect the circuit at the breaker or an upstream outlet, not with an outlet behind the feature (hard to reset)
